

Thank you for your interest in hiring me to be your photographer! My photography journey began in high school with a black and white film course. I continued my trek to the photojournalism and commercial photo program at Northern Arizona University in Flagstaff. I bring 12 years of experience to your session, an eye for the candid moments, and an attention to detail and capturing natural light at its finest. Give me a prime lens, some sun, your family's laughter and we're ready to begin our adventure.

Consider making an investment in your family's legacy. Photographs and video hold a power to remind us of those fleeting moments in life. Take a moment to think of how quickly your children or grandchildren or fur-kids are growing and how you wish you had the ability to freeze that smile, laugh, mischievous grin. I want to help you make it happen!

Family sessions begin at \$275, and weddings at \$1800. Each session includes phone or email consultation, options to customize your experience, and all sessions are pet-friendly. Send me an email for more information on session pricing and details. I can't wait to hear from you! - Bailey
